Extension Move Up

At UBC we use tape extensions because we believe they are non-bulky and easiest on your hair. They come in two lengths 35 cm and 50 cm. All new extensions require a consultation 5 day before, so we can match the hair colours & provide an accurate quote. You will need to have the extensions moved up regularly as your hair grows, the hair itself should last a year if taken care properly. You must use citrus, oil and protein free shampoos and conditioners as these can weaken the bond to your natural hair.
